IEEE Germany Student Conference of the IEEE Student Branch Hamburg

CONFERENCE BY STUDENTS FOR STUDENTS

At the IEEE Germany Student Conference we offer you the opportunity to gain experience as a student in presenting your scientific work in a real conference atmosphere. At the conference you can present your results, e.g. from internships, university projects or theses, to other students and discuss them with them. In addition to the opportunity to give a talk, you can also present your work in a poster presentation. You can practise your soft skills and familiarise yourself with the atmosphere and procedure of a conference. In addition, there will again be the „Best Paper Award“ and „Best Poster Award“. We would like to round off the whole event with a varied supporting programme.

We cordially invite you and look forward to seeing you there. You still have time to submit your paper drafts on our homepage until 03.03.2013: Link-external <http://www.ieee-student-conference.de/>

New job portal

As a new service for you: Our job portal at <http://www.fsr-etit.de/jobs/> always offers you the latest vacancies for part-time jobs, internships, jobs and theses.

Many companies send us such offers with the request to post them. In future, we will collate these in the new job portal. This will give you a direct overview. Maybe there is something interesting for you!

We are happy to answer new offers and questions about existing ones under jobs ATFSR.

17.02.2013

Award for special commitment to students 2012

This year Prof Voigt was honoured with the „Award for special commitment to students“ of the FSR ET/IT.

16.02.2013

Supervised learning ET1

The Institute of Microsystems Engineering is offering supervised learning for ET1 on 20, 21 and 22

February. It will take place from 10:00 to 18:00 in building O room 018.

14.02.2013

Dates for supervised exam study

Under [Supervised Learning](#) you will find the dates for Network Theory, Procedural Programming and OOP.

11.02.2013

General information event on the Master's programme

At the end of the lecture series, there will be a general information event on the Master's programme on 28 January at 6 pm in Building A - Room 15.1/2. Topics will include the structure and content of the programme, switching, late submission of theses, semesters abroad, industrial internships and, of course, any questions you may have!

15.01.2013

evenING with mgm Technology Partners on 17 January.

This Thursday, 17 January, the ET/IT Student Council, in cooperation with the Hamburg Association of Electrical and Information Technology Engineers (HITECH), is once again organising a company contact evening (evenING) at 6 pm in the Learning and Communication Centre (Room 0.37) in Building A.

We have invited the company mgm technology partners, who would like to inform you about their fields of work and career opportunities. As always, there will be a buffet and a cosy get-together with the company representatives after the presentation. The whole evening is of course free of charge for you!

Further information is available at: www.hitech-hh.org/

We are looking forward to many participants!

Your - Student Council ET/IT - HITECH e.V.

Tutors wanted for supervised learning

Dear students,

This semester we would like to offer supervised learning for the important exams again. However, we are currently still looking for tutors for the subjects ET1, ET2 and OOP. If you would like to organise supervised learning for these or other exams for the degree courses ET, IIW, TM or CI, please get in touch with Jan. The whole thing is of course remunerated.

Your FSR-ET/IT

16.12.2012

Christmas party

Tomorrow from 1pm our Christmas party will take place in front of Audimax 2!
There will be mulled wine and chilli to Christmas music and student prices. So come along and join us!
05.12.2012

Exam registration

Don't forget: you have to register for the exams by 16 December!
To be on the safe side, print out the list with your registrations.
04.12.2012

Change of room and time for the lecture series

The presentation of the Institute of Microsystems Engineering (Trieu/Kasper) on Monday starts at 18:15 and will take place in M-2589!

Please also note that the Institute of Telematics (Turau) will present itself from 18:00 in E-4083.

The current times and rooms can still be found in the Stud.IP group.
28.11.2012

Room change / updated overview Masterinfo lecture series

The presentation of Prof. Matz (Institute of Metrology) will take place in Harburger Schloßstraße 20!

You can always find the link to the latest PDF here <http://fsret.it/SxwpYz> at the bottom.
16.11.2012

GameING - LAN-Party

This semester GameING will take place on 30 November in the LuK (Building A). You can set up from 6 pm, then the gaming starts at 7 pm!

Apart from your own PC, all you need to bring is a headset, a 10m LAN cable, a distribution socket and a 10 euro deposit per participant. The next day is over by 12 noon at the latest.

You can find the registration form here: <http://fsret.it/RkMMrG>
11.11.2012

Room change lecture series

The presentation of Mr Werner (Control Engineering) will take place on Monday in N - 0.009!
09.11.2012

BBQ & Anpunschen on Tue 13 Nov from 1pm in front of the Audimax 2

Hello fellow students,

to say goodbye to the summer and welcome the good sides of winter, the FSR ET/IT invites you again this year to the barbecue and „Anpunschen“.

The whole thing will take place on Tuesday, 13 November, from 1 pm in front of Audimax 2.

There will be delicious food from the barbecue as well as the first fine mulled wine of the year. Of course, as always, the prices are student-friendly. We therefore hope that you will all turn up in large numbers and leave us no leftovers.

Kind regards,
your student council ET/IT
08.11.2012

evenING with Hamburg Energie on 15 November at 17:30

On 15 November at 17:30 we are once again organising a company contact evening with the Hamburg Association of Electrical and Information Technology Engineers (HITECH). For the first time this will take place in the LuK in building A.

This time we have invited Hamburg Energie, who will inform you about their fields of work and career opportunities. This is particularly aimed at degree programmes in computer science. As always, there will be a buffet and a cosy get-together with the company representatives after the lecture.

The whole evening is of course free of charge for you!

Student Council General Assembly

Dear students,

We hereby invite you to the student representatives' plenary meeting next Wednesday, 31 October 2012, at 1 p.m. in Audimax 2. During this plenary assembly there will be no courses courses will take place.

We will be discussing the following topics:

- What does the FSR do & How does this work work?
- Important event dates in the semester
- Information media for student council news
- Introduction of the first semester representatives
- Presentation and information about the HITECH association
- Review of the OE week and OE trip
- Working group to improve the IIW degree programme
- Changes to the curricula
- Space for your topics and concerns

It is therefore worthwhile for you to be present in any case. That way you won't miss out on any

important information and you can concerns directly. Your thirst will also be quenched. If you have any topics that you would like to discuss in advance, you can use our anonymous complaint box or send us an e-mail.

We look forward to seeing you there. See you next Wednesday,

your student council ET/IT
26.10.2012

Studibloxx are all gone

Unfortunately, our stock of Studibloxx is already completely taken.

We will try to get another delivery for you and will inform you if necessary
22.10.2012

Free college blocks in the FSR

We have received a load of Studybloxx!!!! You can pick up one of these great, extra thick college blocks for free at the FSR office. While stocks last.

If you want to get another one next semester, you'll find a code inside that you can use to register for it. Of course, this is completely voluntary. For every registered code, we will receive a donation of one euro, which we will convert 1:1 into free beer for you wink

Come and secure one of the 200 blocks so that light can finally shine through our window again!
09.10.2012

Professors' evening and plenum on 16 October at 17:00

Dear students of the ET/IT student council,

We would like to invite you to this year's professors' evening and discussion plenum.

This plenary session is intended to help improve the atmosphere between students and professors. It should give our students the opportunity to get to know their professors outside the lectures and to address any criticism directly to the professors. There is also room for discussion about exams and things that are not included in the evaluation. You also have the opportunity to send us your problems anonymously beforehand.

Please use our popular complaint box, which you can find on our homepage (link-external <http://www.fsr-etit.de/>) can be found here.

The plenary session starts on Tuesday, 16 October at 17:00 in the LuK (Learning and Communication Centre, Building A). This will be followed at 6 pm by the Profabend in the same place in a relaxed atmosphere.

Yours sincerely,
the members of the ET/IT student council

09.10.2012

New lectures from the Institute of Mathematics

The Institute of Mathematics (formerly Numerical Simulation) is offering two new lectures this semester that are not yet listed in the course catalogue.

For times and rooms see <http://fsret.it/WGSwzr>

08.10.2012

The new professional shirts are now available to order

The time has finally come! You can now order your new student council shirt. In our [Shop](#) you will find all further information. Place your order by Friday 12 October and you can collect your shirt from the FSR ET/IT a week later if you pay on time. Of course, you can still place an order on our regular order dates.

07.10.2012

Student council evening on 11.10.

On Thursday (11 October) our student council evening will take place again at 18:00. This time in the LuK (lounge in the new main building, below the study rooms on the ground floor).

07.10.2012

Information event for 5th semester

This semester there will again be a lecture series aimed primarily at ET/IIW/CI students in the 5th semester. Every Monday at 18:00, an institute will present what they are working on for tions and Master's specialisations. It starts on 22 October (once in Harburger Schlossstraße, otherwise in building H). Use this opportunity to find out about the possibilities! It could also be interesting for Master's students.

Link to the overview: <http://fsret.it/RcduSN> (updated on 11.10.)

04.10.2012

Overview Bachelor/Master Seminars

After the proseminars, there is now also a Stud.IP group for the Bachelor and Master seminars („Overview ET/IT seminars WS 12/13“). You won't find a registration function there, but there is a list of all seminars and the necessary information. It is not quite complete yet, but at least it is!

direct link: <http://fsret.it/T5cGnz>

03.10.2012

Proseminar ET/IT

The proseminar ET/IT (3rd semester IIW/ET/Mech) will be organised this winter semester in such a way that there will be ONE Stud.IP group („Proseminare ET/IT“) within which you can register for the various seminars. This will save you the time-consuming search of all institute pages.

26.09.2012

Thefts in building A

Attention! There has been an increase in thefts of bags, laptops etc. in Building A recently. NEVER leave your belongings unattended there, not even for a short time!
